

## **Nusym Hires Nafees Qureshy as Engineering VP to Drive Development of Functional Verification Solutions**

September 10, 2008 -- San Jose, CA -- Nusym Technology, Inc., a provider of breakthrough functional verification software, today announced that Nafees Qureshy has been named Vice President of Engineering. Mr. Qureshy will oversee all engineering operations related to product development and customer support.

Mr. Qureshy joins Nusym with more than 19 years experience in key technical and managerial leadership roles, primarily focused on Electronic Design Automation tool development. Most recently, he was Vice President of Engineering at Arteris, a network-on-chip interconnect intellectual property company. Prior to Arteris, Qureshy held various engineering leadership positions at Jasper Design Automation, Coware and IKOS Systems. Qureshy received a MS degree in Computer Science from Arizona State University and a BTech degree in Electrical Engineering from The Indian Institute of Technology in Bombay.

"Nafees brings proven success in managing distributed engineering teams, a great benefit for Nusym," stated Venktesh Shukla, President and CEO of Nusym. "His expertise in functional verification is a significant advantage as well."

"I am excited to be joining Nusym at this stage. It is solving a problem in chip design that has remained intractable for a very long time leading to huge cost and time overruns," said incoming vice president Qureshy. "Customer engagements so far and a strong reception at Design Automation Conference validate that Nusym has the best shot at solving this problem for the industry."

### **About Nusym**

Nusym Technology, Inc. provides rapid verification closure solutions that leverage design insight to reduce the time and effort needed to develop confidence in the design. Nusym is backed by top-tier venture investors that include Voyager Capital, Woodside Fund, Draper Richards, and Simmons Goodspeed Investment Management, and is working with multiple leading edge verification teams. The company is headquartered at 420 Blossom Hill Road, Suite 201, Los Gatos, Calif. 95032. For more information, please visit the company's website at [www.nusym.com](http://www.nusym.com).
